Message Title: The Art of Spiritual Conversations

Scripture: Luke 10:10-11, Acts 2:42, Acts 5:42, Acts 9:42, Acts 10:42, Acts 13:42

Theme: The modern-day church world has taught us that apologetics is how we should have spiritual conversations. Here is the thing though....apologetics are not how Jesus taught his disciples to have spiritual conversations.

Reflective Questions:

1. What things prevent you from having spiritual conversations?
2. Do you often feel the urge to answer questions for people, instead of just helping them figure out the answers for themselves?
3. Why do you think that the topics of politics and religion are often considered “off limits” to talk about?
4. Do you have a story about how Jesus has changed your life? When was the last time that you told someone that story?
5. Do you know anyone that the Holy Spirit has been stirring in lately?
