Theme: If you want to Experience God in your life...there needs to be a serious commitment on your part to respond faithfully to God's grace at work in your life.

Reflective Questions:

1. Do you feel like you have been experiencing God lately in a real and powerful way?
2. Are there steps that you need to take to consecrate things? Perhaps baptism?
3. Are you facing battles that seem too overwhelming to handle on your own? What are they and have you discussed them with God?
4. What are the Next Steps that you need to take to experience God in an authentic way?
