Questions:

1. Do you think that all religions are the same? Why?
2. What do you think of Paul's description of the qualities that non-Christians have? Do you think these qualities have changed much over the years?
3. Why/how should we be different than a non-Christian?
4. How are you doing (currently) with the behaviors that Paul discussed in these scriptures?
5. How do you handle anger in your life? What about "unwholesome language"?
6. What are your Next Steps?
