

## Message Notes

**Date:** 10/1/2023

**Sermon Title:** Save Nothing

**Theme:** One way to view average is that you always take the path of least resistance. The reason it is called average...is because that is what most people settle for.

**Scripture:** 2 Kings 13:14-19, Revelation 3:15-16

### **Reflective Questions:**

1. Do you have anything that you have had to leave in the past because it was the only way that you could experience the future?
2. Do you feel like you live a pretty average life?
3. Does failure define you...or, propel you?
4. Is it really winning if you win a battle that you should have never had to fight in the first place?
5. Do you know someone who never finishes a project? Why do you think that is?
6. If you approach serving with fear...how good are you really serving? (explain how fear can affect you negatively while serving)
7. What might some of your "next steps" be?
