Message Title: Lessons from Samson

Scripture: Judges 13:5, Judges 13:24-25, Judges 16:1-3, Judges 16:4-9, James 1:14-15, Judges 16:15-21, Judges 16:28-30

Theme: Temptation and compromise always seem to start with some type of enticement. Most people wrongly think that Samson's strength simply came from his man-bun (his uncut hair). His hair was only symbolic though.

Reflective Questions:

1. Why do you think it is... that we often don't see things coming until it's too late?
2. What are some of the things that make spiritual discipline seem so hard?
3. How can we avoid temptation?
4. If Samson's hair wasn't the actual source of his strength...what was?
5. Where does your spiritual strength come from?
6. If Samson is often identified by his hair...what identifies you?
7. What lessons can you learn from this message?
