Discovery Bible Study 2026

Each week, we will “discover” a section of scripture together. I would encourage you to find someone (or a group of someone’s) to dig deeper with as you each take your Next Steps in faith. We are committing (as a Harvest Family) to become a family of Collaborators...not consumers. We are also committing to...not do-life alone.

Keep it simple! You can do this bible study via text, phone, or in-person. It really doesn’t matter HOW you do it. What matters is that you are doing it with someone else.

We will be using the H.O.P.E. method:

Hear

- Read the scripture for the week.
- Retell it in your own words. How would you explain what you just read to someone else?

Observe

- What stood out to you?
- What does the text tell us about God/Jesus?
- Does the text say anything about people?

Ppractice

- How can you apply what you learned from today’s scripture?

Encourage

- How can you be an encouragement to the person/people you are studying with?
