This week's Message Notes

Date: 12/14/2025

Sermon Title: Following Jesus Together

Scripture: Genesis 2:18, Matthew 5:44, John 17:20-23, 1 Corinthians 11:1, James 5:16 (TLB)

Theme: It's easier to be identified by our theology, our mission, our denomination...than it is to be identified by the kind of unity/love that Jesus talks about.

Reflective Questions:

1. What is keeping you from authentically doing-life with others?
2. Which is easier for you: Loving your enemies...or, Opening up and being vulnerable with another believer?
3. What would it take for you to "double down" on true collaboration with a fellow believer?
4. What take-a-way did you get from the bonsai analogy?
5. What are your thoughts on the inner battle between self-preservation and intimacy with others?
6. When was the last time that you sat in discomfort?
7. What was your biggest "take-a-way" from today's message?
